## MSc in Environmental Engineering

### ABOUT ME

Environmental Engineering graduate with a practical mindset and strong analytical skills, passionate about land and territory management. I enjoy teamwork, solving real-world challenges, and contributing to sustainability.

Outside of work, I'm inspired by skiing, climbing, traveling, and drone use, all activities that keep me connected to the environment I aim to protect. I also enjoy DIY projects and hands-on design, where I bring ideas to life in creative and practical ways.
